Education

•Government College of Engineering, Karad *2020-2024*
Btech. Electronics and Telecommunications CGPA: 7.4

•Chatrapati Shivaji jr. Science College, Osmanabad *2020*
Higher Secondary Certificate , Maharashtra Board Percentage: 77.54

•Samata High School, Osmanabad *2018*
Secondary School Certificate, Latur Board Percentage: 85.80

Experience

•GSSOC Contributor, GirlScript Foundation, Delhi *May 2023 - Aug 2023*

- Contributed to the development of a popular open source projects by submitting pull requests and addressing issues.
- Implemented new features and functionality, improving the overall functionality and user experience of the projects.
- Collaborated with the project maintainers and other contributors through discussions, code reviews, and bug tracking.
- In Top 60 out of 1400 developers see my rank here.

Personal Projects

–**Collegia** A social media for university students. | Live *July 2022*
∗ **Tools & technologies**: React.js, Firebase [GitHub Repo.]
∗ Developed a sleek social media app using React.js and Firebase. Users can search, chat, and share posts in real-time, with built-in features for liking and commenting. The perfect platform for seamless social networking and engaging content sharing.

–**SwapCode** Real-time collaborative code editor allowing multiple users to edit together. *Feb 2023*
∗ **Tools & technologies**: React.js, Node.js, Socket.io, CodeMirror [GitHub Repo.]
∗ The project enabled real-time collaboration and code highlighting for multiple programming languages, while also providing multiple color themes.

–**Notepad** A Java-based text editor with file management functionalities. *Nov 2021*
∗ **Tools & technologies**: Java Swing, AWT, File I/O [GitHub Repo.]
∗ Developed a Notepad application which includes features such as text editing and file management similar to the default Notepad in Windows. It was developed using Java Swing and AWT technologies, making it platform-independent.

Technical Skills

Languages & Tools: Java, Python, JavaScript, C++, SQL , React.js, Node.js, Android Studio, Git
Frameworks: Java AWT, Swing, Spring Boot, Bootstrap
Cloud/Databases: Firebase, MySQL, MongoDB
Soft Skills: Teamwork, leadership, Problem-solving, Adaptability
Coursework: DSA, OOP, DBMS, Problem Solving, Computer Networks, Operating Systems

Coding Profiles

–**CodeChef | LeetCode | GeeksforGeeks | HackerRank** *2020 - Present*
*•Codechef **2 Stars** •Overall Solved Problems **1000+** •Top **40%** on Leetcode* Problem Solving| Java| DSA

Positions of Responsibility

–**Team Leader,** Smart India Hackathon (Project : Virtual Visit to Indian Pilgrimage)
Got **Rank 7 out of 50 teams** University Level. Live || Github Repo. *Dec 2021 to May 2022*

–**Team Member,** Aptitude Training Portal, GCEK
Responsibility of preparing aptitude tests for around **300 students** *Aug 2022 - present*

Achievements

•**Gold Badge** Awarded for advanced Java programming demonstrated through HackerRank challenges.
•**Problem solving**(Intermediate) Certicate. click here.
•G-Kickstart round F Rank: **1162/10k** AIR **632/5k**.
•Open source contributions **30+** PR merged on github.
•Creator of **TechFeline**: Organization made for hosting products.
•Practised development and public speaking on **Youtube**: 700+ views.
